Includes

- ✓ Grinding Wheel
- ✓ Wheel Guard
- ✓ 1-1/16 in. Wrench
- ✓ Spanner Wrench

Accessories

For Bench grinding Wheels See page 415, Flap Wheels page 416 & Wire Wheels pages 436 & 437

Features:

- 5500 rpm, 15 amp
- 6 in. diameter wheel
- Coated spindle housing for cool gripping surface
- Hinged face plate for quick easy wheel replacement

A coated spindle housing make this heavy duty, Milwaukee Straight Grinder comfortable to hold on to while delivering an extra heavy duty 15 amps of power and 5500 RPM. Equipped with a hinged face plate with wing nut fasteners for easy wheel changes, this tool can accept up to 6 inch resinoid bond wheels. Wire brushes can also be attached for cleaning rust from work surfaces, as well as buffing wheels for polishing. An impact absorbing tool rest is provided so that the tool can be set down safely as the wheel coasts to a stop. The spindle is 5/8 inch for use with industry standard accessories for the rated diameter capacity.

Delivering 300 ft. lbs. of torque and weighing only 6 pounds, this tool has a great power to weight ratio. The powerful 7.0 amp motor drives a unique impact mechanism at 1800 RPM (no load). This model features a pin-detent system to securely retain sockets or adapters and a rocker switch for quick selection of forward or reverse. The ergonomically shaped handle with a soft cushioned grip provides a well-balanced and controllable feel to the tool. The special mechanism achieves desired installation torque faster and loosens rusted or fretted bolts in less time.

SPECIFICATIONS

Voltage	120 AC/DC
Drive Size	1/2 in. Square
