

Replacement parts for: EZ FEED G, EZ FEED, EZ FEED II, EZ FEED Q

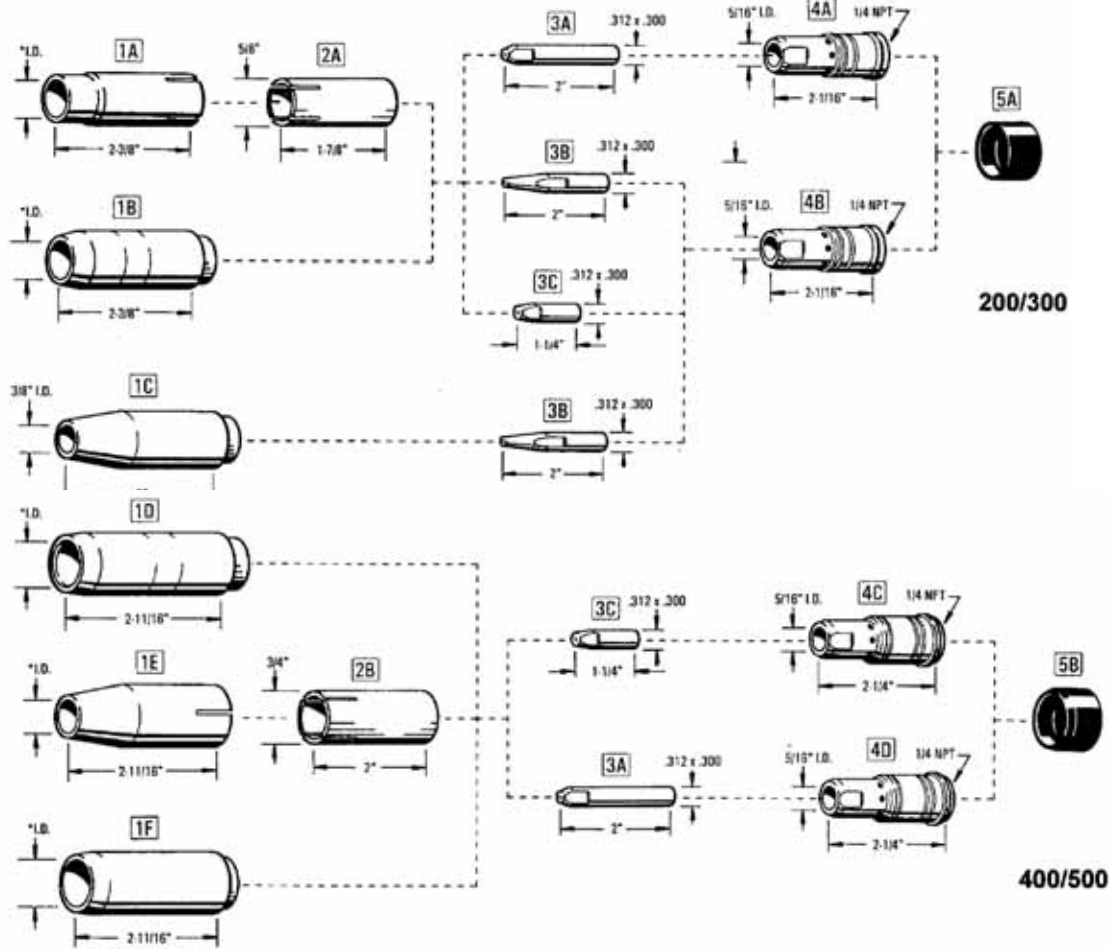

BERNARD EZ FEED GUN NOZZLES

One of the benefits of the Bernard EZ Feed Gun Series is the complete interchangeability of parts. All nozzles (including the two-piece insulator), contact tips and gas diffusers/heads can be used on all EZ Feed Guns regardless of amperage or series.

The most important thing to remember when ordering is that the gas diffuser/head you select will determine the optional parts available, such as tips, insulator and nozzle.

"T" style liners, use with Tweco and L-Tec Direct Plugs
