

PLAZMA CUTTING

Replacement Parts

**FRONT END CONSUMABLES
HAND HELD TORCHES & RELATED COMPONENTS**

FRONT END CONSUMABLES

The industry's first modular torch body design THAT allows you to repair or replace worn torch components rather than buy a whole new torch

Part Number	Description / Cutting amp range	Standard Package Qty*	Price Ea (ea item)
PC2-040	.040" Cutting Tip 40 Amp	5	\$5.42
PC2-048	.048" Cutting Tip 40 Amp	5	\$5.42
PC2-055	.055" Cutting Tip 50 Amp	5	\$5.42
PC2-060	.060" Cutting Tip 60 Amp	5	\$5.42
PC2-067	.067" Cutting Tip 80 Amp	5	\$5.42
PC2-071	.071" Cutting Tip 90 Amp	5	\$5.42
PC2-075	.075" Cutting Tip 100 Amp	5	\$5.42
PC2-3	Standard Electrode	5	\$7.84
PC2-093	.093" Gouging Tip	5	\$5.42
1840044	Safety Sleeve <i>NOTE: Safety Sleeve must be installed into torch head with the contact ring end first.</i>	1	\$59.80
1640002	Fiberglass Shield Cup	1	\$42.53
1640003	1/8" Metal Standoff	1	\$16.78
PC2-30	60 Amp Torch, 75° Head .055 cutting tip <i>Also includes; fiberglass shield cup; electrode: handle set (w/screws,); trigger and rubber boot.</i>	1	\$337.05
PC2-35	100 Amp Torch, Extended Handle, 75° Head .075 cutting tip. <i>Also includes; fiberglass shield cup; electrode: handle set (w/screws,); trigger and rubber boot.</i>	1	\$379.33
PC2-40	100 Amp Torch, Extended Handle, 90° Head .075 cutting tip. <i>Also includes; fiberglass shield cup; electrode: handle set (w/screws,); trigger and rubber boot.</i>	1	\$379.33
1040067	Head, 75° Features improved design for superior cut quality and longer parts life. For PC2-30 and PC2-35. <i>Also includes safety sleeve.</i>	1	\$186.56
1040068	Head, 90° Features improved design for superior cut quality and longer parts life. For PC2-40. <i>Also includes safety sleeve.</i>	1	\$186.56

HAND HELD TORCHES AND RELATED COMPONENTS

Part No. 30-26
Price \$389.24

Complete Cutting Guide Kit

Gives excellent control over the plasma torch, allowing the operator to cut at maximum speed while holding a constant standoff distance.
Kit includes Suction Pivot for non-ferrous metals, Magnet Pivot, Radius Bar, Rotating Bushing, 30-26-1 Bushing Adapter and Heavy Duty Storage Case. Parts are molded from insulating high temperature nylon, with brass and stainless steel used in the frame construction.

*Prices shown are for individual items (not package qty.)
