

**ABRASIVES - GRINDING - CUTTING - SANDING - PADS - ADAPTERS**

Our Quick-Change Discs are designed for use with high-speed air tools with up to 40,000 RPM's. Locking device in center of disc twists on in opposite direction of air tool to ensure stability. Disc cannot fly off! All discs are available with three (3) different types of fasteners. These discs are extremely flexible to allow operator to grind in places unobtainable with conventional sanding discs. Outlasts and more cost effective than PSA discs.
