

## Wire Wheels & Brushes

### Heavy Duty Knot Construction

Suitable for removing heavy carbon deposits and pipe I.D. cleaning

1" Knot  
End Brush  
1/4" shank standard

Constructed to provide maximum wire fill for fast, positive cleaning action. These tools are particularly well-suited for the following applications:

- Rubber and plastic mold cleaning
- Removing rust and paint, carbon removal
- Cleaning and finishing recessed areas
- Removing rubber flash
- Spot facing and burr removal

Hollow  
Center Cup  
20215

Hollow  
Center End

Crimped  
Flared Cup  
23305

### Heavy Duty Knot - Carbon & Stainless Steel Wire

Part Numbers - Wire Diameter						
Brush Dia.	Carbon		Stainless		Trim Length	Max. Safe Free Speed RPM
	.014	Price	.014	Price		
3/4"	00520	<b>\$10.40 EA</b>	00568	<b>\$13.99 EA</b>	1"	20,000
1"	00560	<b>\$10.70 EA</b>	00565	<b>\$17.50 EA</b>	1"	20,000

### Small Cups All brushes have 1/4" shank Rotary Cup Brushes for use on drill press or high-speed portable power tools

#### Crimped Hollow Center Brushes - Carbon Steel

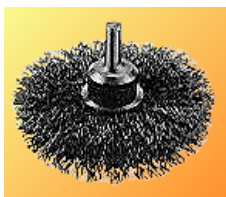

Part Numbers - Wire Diameter						
Brush Dia.	.008		.012		Trim Length	Max. Safe Free Speed RPM
	-	Price	-	Price		
1 3/4"	-	-	20203	<b>\$7.94 EA</b>	11/16"	13,000
2"	20206	<b>\$10.42 EA</b>	20209	<b>\$9.61 EA</b>	7/8"	13,000
2 1/2"	20212	<b>\$13.50 EA</b>	20215	<b>\$12.59 EA</b>	7/8"	13,000

#### Flared Cup Brushes - Carbon & Stainless Steel

This new end brush series is designed with a concave shape to provide effective side cleaning action and to eliminate the scoring of bottom areas when used in blind holes.

Part Numbers - Wire Diameter						
Brush Dia.	.008		.014		Trim Length	Max. Safe Free Speed (RPM)
	-	Price	-	Price		
<b>Crimped Carbon Steel Wire</b>						
1 1/2"	23301	<b>\$9.11 EA</b>	-	-	5/16"	20,000
2"	23304	<b>\$10.46 EA</b>	23305	<b>\$7.85 EA</b>	7/16"	20,000
2 1/2"	-	-	23308	<b>\$8.28 EA</b>	11/16"	18,000
3"	-	-	23311	<b>\$8.67 EA</b>	7/8"	15,000
4"	23313	<b>\$12.78 EA</b>	23314	<b>\$10.65 EA</b>	1 3/8"	15,000
<b>Crimped Stainless Steel Wire</b>
