

**'Dust Director' Order #55254**

**\$231.30 EA.**

- Fits all Metabo 4 1/2", 5" and 6" grinders (except WP series)
- Accepts 4", 4 1/2" 5" and 6" diameter diamond blades
- Not for use with Type 1 or Type 27 bonded abrasives
- Swivels when approaching an inside corner

MAXIMUM CUTTING DEPTH Blade Diameter	Front Depth of Cut	Side Depth of Cut (Inside Corners)
4"	7/8"	3/8"
4 1/2"	1"	1/2"
5"	1 1/4"	3/4"
6"	1 1/2"	1 1/4"

(must be used with vacuum cleaner)

**Bench Mount Stand  
Order #27354**

**\$52.50 EA.**

Use Clamp #27107  
For attaching 27354  
to work bench (see  
pg 479)

**Straight spanner  
Order #23934 \$4.00 Ea.**

**Flex Shaft**

**Order #30980 \$271.20 Ea**

- 4 ft. long, heavy-duty rubber covered flex shaft for use with both die grinder or router motor
- Ball bearing construction
- 1/4" collet for 1/4" shank mounted bits
- Speed range 7,500 to 30,000 RPM (Not for use on tools running less than 7,500 RPM)

**Offset spanner  
Order #23910 \$5.60 Ea.**

**Adapter kit  
Order #55038  
\$18.20 Ea (Kit)**

To mount flat abrasives and diamond blades on 7" - 9" grinders

**Cup wheel guard  
Order #23276  
\$50.60 Ea**

For mounting 3 1/8" Type 6 cup wheels on 4 1/2" - 6" angle grinders

**Hand guard  
Order #30332  
\$9.50 Ea**

For use on all polishers, angle sanders and grinders.

**Cup wheel guard and flange**  
for mounting 4" - 6" Type 11 cup wheels on 7" - 9" angle grinders

**4" Guard, #23142 \$152.50 Ea**  
**5" Guard, #55174 \$63.50 Ea**  
**6" Guard, #55178 \$69.60 Ea**  
**Mounting Flange, #90357006 (required) \$8.95 Ea**

**Collets**

For die grinders G500, GE700 and GE900 Plus

**1/8" Collet, #30948 \$25.50 Ea**  
**1/4" Collet, #30919 \$17.60 Ea**

**4 1/2" - 5" tuck point guard with vacuum outlet  
Order #31165X  
\$168.90 Ea**

for use on 4 1/2" - 6" angle grinders

**Type 1 wheel cut-off guard**  
for use with 4 1/2" - 6" angle grinders

**4 1/2"/5" Guard, #55139 \$32.60 Ea**  
**6" Guard, #55140 \$33.80 Ea**

**Loop handle**

For 7" - 9" angle sander & grinders

**Order #34111115  
\$38.30 Ea**

**Bolt**

To attach loop handle (2 required)

**Order #14111039  
\$2.80 Ea**

**4" cut-off wheel guard  
Order #55169  
\$47.60 Ea**

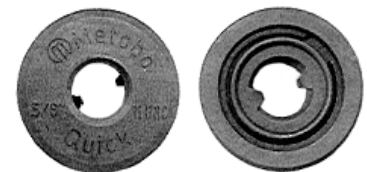

for G500, GE700 and GE900 Plus die grinders

**Rubber backing pad and lambs wool bonnet**

for use on PE12-175 polisher

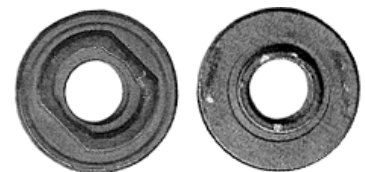

**Pad #55130 \$15.20 Ea**  
**Bonnet #55131 \$15.80 Ea**

Front View Back View

**OUTER QUICK NUT  
Order #31602384  
\$9.50 Ea**

For angle grinders up to 6"

Front View Back View

**INNER FLANGE  
Order #34103129  
\$9.50 Ea**

For angle grinders up to 6"

**Brush #31603493  
\$6.95 Ea**

Fits angle grinders up to 6"

**Brush #31603483  
\$6.95 Ea**

Fits 7 & 9" angle grinders

Brushes shown fit the current models. For other models - Call.

**Carbon Brushes**

All **Metabo** angle grinders and sanders have auto-stop carbon brushes. When the brushes are worn down, the automatic tripping device of the brushes brakes the circuit and the tool stops running.

Brushes should only be replaced by a trained technician with the right equipment. The tool can then be given a thorough inspection and the motor be cleaned at the same time. Before replacing the carbon brushes, disconnect the tool from the power source. For replacement of the brushes, the covers located on the sides of the motor housing must be removed.

Remove the female brush terminal from its male counterpart and pull the brush straight up out of the holder. Use only factory original replacement brushes. Replace in pairs only. Make sure that the brushes slide freely in their holders.
