

ST. LOUIS PNEUMATIC

Introducing the Next Generation of Air Tools Featuring **VOLT-AIRE** Technology

SLP-83225L

NEW!
Heavy Duty Lighted Die Grinder
(Carbide Burr is not included)

SLP-83225L

This grinder generates its own light. "Works kind of like the lights on our bikes did when we were kids."

- Free Speed at 90 PSI 22,000 RPM
- Horsepower .40
- Required Air Pressure 90 PSI
- Collet Capacity 1/4"
- Weight 1.25 LBS.
- Overall Length 7.62"
- Air Consumption 4 CFM
- Minimum Air Inlet Size 1/4" NPT
- Required Hose Size 3/8"

- While in operation this heavy duty die grinder illuminates the work surface providing enhanced visibility, safety and productivity.
- Light where you need it, when you need it.
- No tripping over extension cords.
- Safe from electrical shock.
- Efficient 22,000 RPM rear exhaust motor provides high torque and low voltage
- No batteries or external power source required.
